

## OUT OF HOURS NOTICE – ALONG NORTHBOURNE AVENUE AND FEDERAL HIGHWAY

ADJACENT TO ALL LIGHT RAIL STOPS

**ALL SUNDAYS BETWEEN 23 DECEMBER AND 13 JANUARY**

Canberra's first stage of Light Rail is progressing and construction is nearing completion. This is an exciting time in our City and Canberra Metro is working hard for Light Rail services to commence.

### **Construction Works:**

Out-of-hours work is required near the light rail stops to complete underground cable installation. This will involve feeding cables through existing underground conduits. **The out-of-hours works are required between the hours of 6:00am to 8:00pm on:**

- Sunday 23 December
- Sunday 30 December
- Sunday 6 January
- Sunday 13 January

### **Traffic Management and Detours:**

There will be no closures to intersections or roads, however there will be lane reductions when required to provide a safe working space. Traffic management will be in place and highly visible during the works.

### **Additional Information:**

The equipment to be used includes light vehicles and a truck with a winch to feed the cable through.

The project team will ensure the number of machines operating at the same time is limited and equipment turned off when not in use. Non-tonal reversing beepers will be used\* and workers will be instructed to keep noise to a minimum.

***These works are designed to transform Canberra, making it more accessible and to provide greater commuter connectivity across an integrated public transport network. We appreciate the continued patience of the public and the support of the Canberra community as we carry out these works.***

More information can be found by visiting [www.canberra-metro.com.au](http://www.canberra-metro.com.au). If you have any questions in relation to works in your local area, please contact Canberra Metro:

- **Phone** 1300 208 824
- **Email** [cbr.communications@canberra-metro.com.au](mailto:cbr.communications@canberra-metro.com.au)

### **Are you Rail Ready?**

Traffic light patterns at intersections along the light rail route are changing as the light rail integrates with the road network. Please stay alert and pay close attention to traffic light signals. Do not run red lights. Please be patient and wait for the **green** light

\* Except for elevated work platforms which are required by safety regulations to have tonal beepers.
