

## OUT OF HOURS NOTICE - NORTHBOURNE AVENUE AND FEDERAL HIGHWAY

SWINDEN STREET TO PHILLIP AVENUE

**14 – 28 FEBRUARY**

Canberra's first stage of Light Rail is progressing and construction is nearing completion. This is an exciting time in our City and Canberra Metro is working hard for Light Rail services to commence.

### **Construction Works:**

Out-of-hours works are required for inspecting and repairing storm water infrastructure along the Northbourne Avenue and Federal Highway corridor. These works will be undertaken over four nights (8:00pm – 6:00am between Thursday 14 February and Thursday 28 February).

### **Traffic Management:**

There will be no road closures or detours for these works, however, lanes of traffic will be reduced along this section of the light rail corridor. Traffic management personnel and signage will be highly visible throughout the works.

### **Additional Information:**

The equipment to be used includes: light vehicles, vacuum trucks, generators and light towers.

The project team will ensure the number of machines operating at the same time is limited and equipment turned off when not in use. Non-tonal reversing beepers will be used\* and workers will be instructed to keep noise to a minimum.

***These works are designed to transform Canberra, making it more accessible and to provide greater commuter connectivity across an integrated public transport network. We appreciate the continued patience of the public and the support of the Canberra community as we carry out these works.***

More information can be found by visiting [www.canberra-metro.com.au](http://www.canberra-metro.com.au). If you have any questions in relation to works in your local area, please contact Canberra Metro:

- **Phone** 1300 208 824
- **Email** [cbr.communications@canberra-metro.com.au](mailto:cbr.communications@canberra-metro.com.au)

### **Are you Rail Ready?**

Traffic light patterns at intersections along the light rail route are changing as the light rail integrates with the road network. Please stay alert and pay close attention to traffic light signals. Do not run red lights. Please be patient and wait for the **green** light

\* Except for elevated work platforms which are required by safety regulations to have tonal beepers.
