

## OUT OF HOURS NOTICE - FEDERAL HIGHWAY

### FLEMINGTON ROAD INTERSECTION

**14 - 17 SEPTEMBER 2018**

Canberra's first stage of Light Rail is progressing and construction is well underway. This is an exciting time in our City and Canberra Metro is working hard to see this vision come to life.

#### **Construction Works:**

The Federal Highway (northbound) from Phillip Avenue to Flemington Road intersection will be closed from **10:00pm on Friday 14 September to 4:00am on Monday 17 September**.

Final rail, overhead wiring and traffic signal work needs to be completed within the intersection.

#### **Traffic Management and Detours:**

Federal Highway (northbound) from Phillip Avenue to Flemington Road intersection will be closed during the works.

Alternative routes for northbound traffic include:

- right turn into Randwick Road via Barton Highway
- right turn into Antill Street at Northbourne Avenue

There will be **no change** for traffic travelling southbound along Federal Highway. Traffic management will be highly visible throughout the works, including signage and personnel.

#### **Additional Information:**

The equipment that will be used includes an excavator, light towers, vehicles and elevated work platforms. The project team will ensure the number of machines operating at the same time is limited and equipment turned off when not in use. Non-tonal reversing beepers will be used\* and workers will be instructed to keep noise to a minimum.

*Thank you for your patience during these important works.*

#### **More Information:**

If you have any questions related to works in your local area or the wider project, please contact Canberra Metro:

- **Phone** 1300 208 824
- **Email** [cbr.communications@canberra-metro.com.au](mailto:cbr.communications@canberra-metro.com.au)
- **Web** [www.canberra-metro.com.au](http://www.canberra-metro.com.au)
- **Facebook or Twitter** Search 'Canberra Metro'

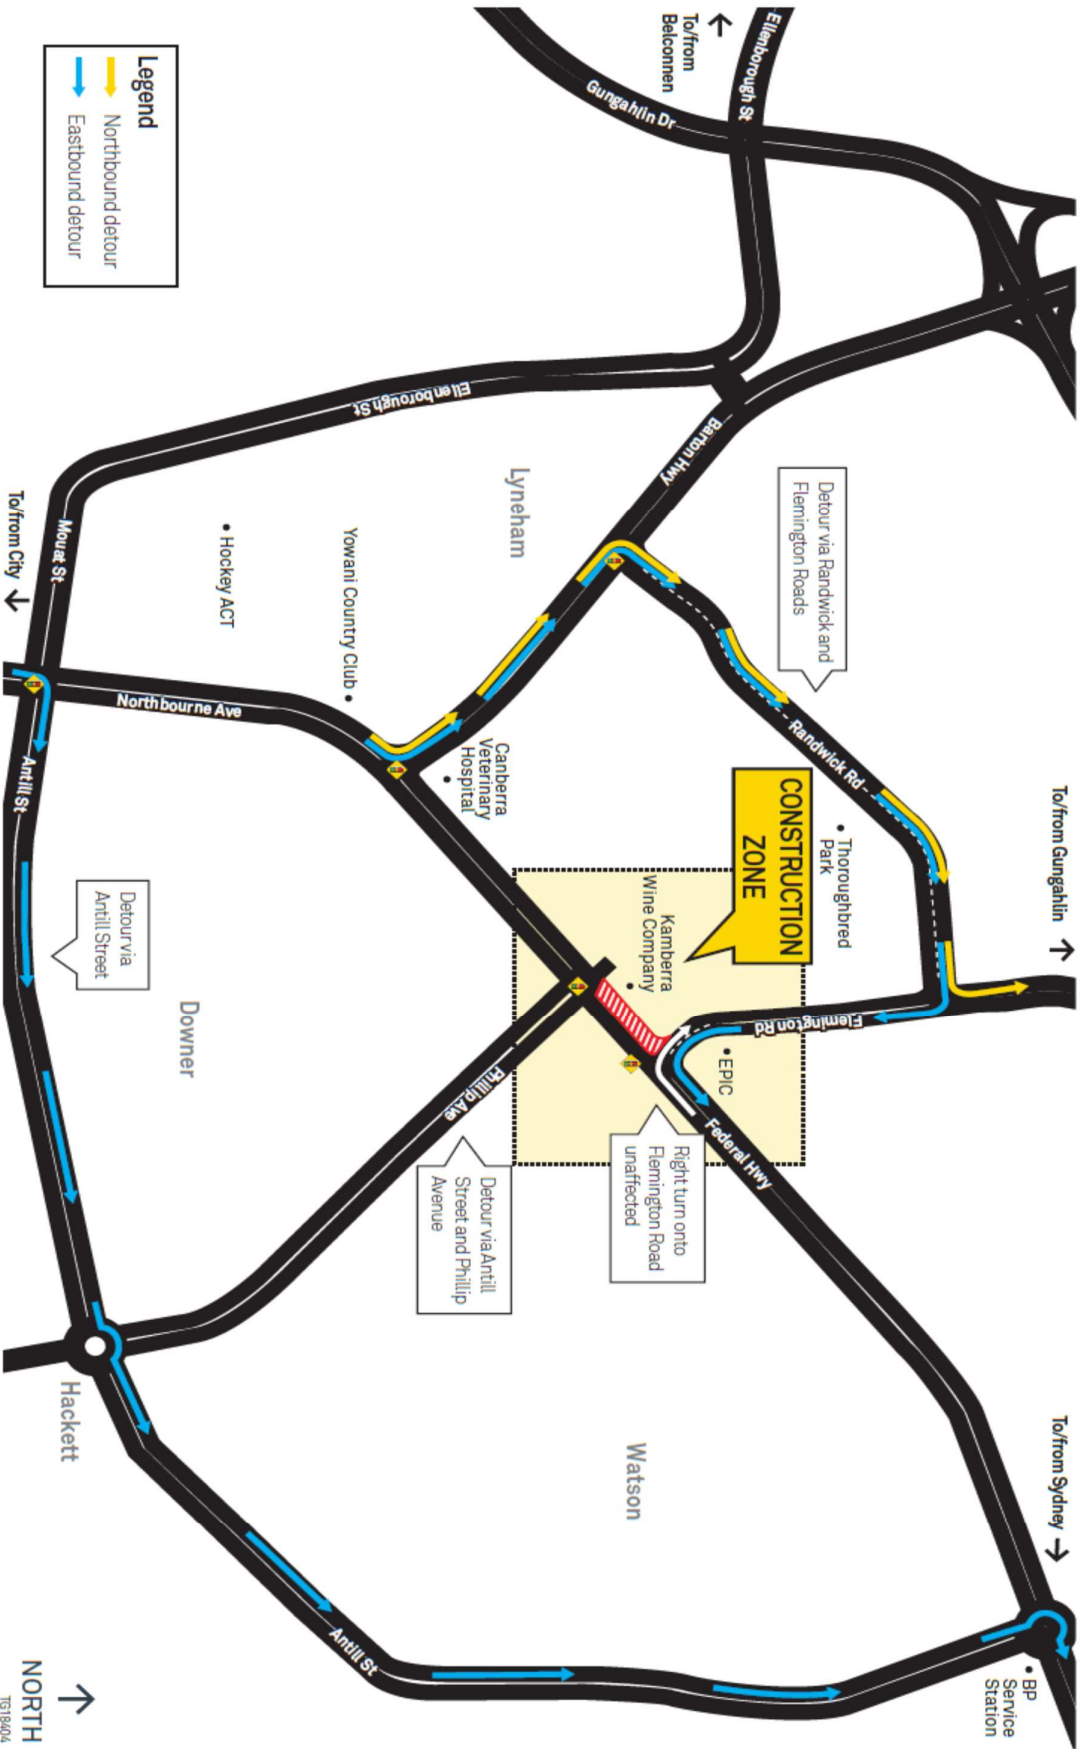

#### **Are you Rail Ready?**

**OVERHEAD WIRE INSTALLATION** – The overhead wire is LIVE and carries 750 volts of power. It will cause fatal injuries if touched. Keep away! Download a fact sheet including safety tips.

\* Except for elevated work platforms which are required by safety regulations to have tonal beepers.
