

**OUT OF HOURS NOTICE - NORTHBOURNE AVENUE**  
RUDD AND BUNDA STREETS INTERSECTION TO  
BARRY DRIVE-COOYONG STREET INTERSECTION  
**8 TO 19 OCTOBER 2018**

Construction of the first stage of the Light Rail between Gungahlin and the City nearing completion. During the final stage of the project Canberra Metro will maintain every effort to ensure minimal disruption to the public as works continue.

**Construction Works:**

Street light installation is required in the Northbourne Avenue median between Rudd - Bunda Streets and the Barry Drive-Cooyong Street intersections from **Monday 8 October to Friday 19 October. Working hours will be between 8pm and 6am each night.**

**Traffic Management and Detours:**

There will be **no change** for traffic travelling northbound and southbound along Northbourne Avenue, however the following traffic changes will be in place:

- **No right-turn** into Barry Drive and Rudd Street for Northbourne Avenue traffic travelling south
- **No right-turn** into Bunda Street and Cooyong Street for Northbourne Avenue traffic travelling north
- **No right-turn** onto Northbourne Avenue from Bunda Street, Cooyong Street, Rudd Street and Barry Drive
- **No through-traffic** between Rudd and Bunda Streets and between Barry Drive and Cooyong Streets.

Traffic management will be in place and highly visible throughout the works, including signage and personnel. For a detailed map with detours visit [www.canberra-metro.com.au](http://www.canberra-metro.com.au).

**Additional Information:**

The following equipment will be used: elevated working platform, excavator, trucks and light vehicles.

There will be increased noise levels due to the nature of this work. The project team will limit these noise impacts wherever possible by reducing the number of machines operating at the same time and turning off equipment when not in use. Non-tonal reversing beepers will be used\* and workers have been instructed to keep noise to a minimum.

***These works are designed to transform Canberra, making it more accessible and to provide greater commuter connectivity across an integrated public transport network. We appreciate the continued patience of the public and the support of the Canberra community as we carry out these works.***

**Are you Rail Ready?**

**OVERHEAD WIRE INSTALLATION** – The overhead wire is LIVE and carries 750 volts of power. It will cause fatal injuries if touched. Keep away! Download a fact sheet including safety tips.

\* Except for elevated work platforms which are required by safety regulations to have tonal beepers.
