

OUT OF HOURS NOTICE - NORTHBOURNE AVENUE

RUDD/BUNDA INTERSECTION

2 TO 5 OCTOBER 2018

Canberra's first stage of Light Rail is progressing and construction is being finalised. This is an exciting time in our City and Canberra Metro is working hard for Light Rail services to commence.

Construction Works:

Work to install new traffic signal footings is required at the intersection of Rudd and Bunda Streets. Hours of work will be **8:00pm to 6:00am from Tuesday 2 October to Monday 8 October.**

Traffic Management and Detours:

There will be **no change** for traffic travelling northbound and southbound along Northbourne Avenue during these intersection works.

Local detours will be in place and promoted on Canberra Metro's website. Traffic management will be in place and highly visible throughout the works, including signage and personnel.

Additional Information:

The equipment to be used includes: vacuum truck, excavator with breaker, compaction roller and asphalt laying equipment.

Due to the nature of the work, some of the activity will be noisy. The project team will limit these impacts wherever possible by reducing the number of machines operating at the same time and turning off equipment when not in use. Non-tonal reversing beepers will be used and workers will be instructed to keep noise to a minimum.

Thank you for your patience during these important works.

If you have any questions related to works in your local area or the wider project, please contact Canberra Metro:

Are you Rail Ready?

OVERHEAD WIRE INSTALLATION – The overhead wire is LIVE and carries 750 volts of power. It will cause fatal injuries if touched. Keep away! Download a fact sheet including safety tips.

* Except for elevated work platforms which are required by safety regulations to have tonal beepers.
